WMACI TORUŃ 2019 IT'S HISTORY NOW.

Dear Athletes, Ladies and Gentlemen!

The 8th World Masters Athletics Championships Indoor Toruń 2019 can be divided into three stages:

1. Nearly three years of both promotion activities to attract the largest possible number of athletes and preparations so that those whom we managed to convince to attend the event in Toruń could enjoy professional and well-managed organization.
2. Seven days of great sports performance, fierce competition, gestures of joy of the successful winners and despair of those who failed to succeed all crowned with beautiful demonstration of friendship at the end.
3. Time of summaries, analyses and reports occasionally mixed with dissatisfaction caused by minor deficiencies, shortcomings, and simple failures followed by reflection and consideration which areas might have been managed better to live up to the expectations of athletes.

But it is a thing of the past now. The emotions subsided and all of a sudden we find ourselves in a void. We miss the adrenaline, the smiling yet focused faces of the organizers, officials, and first of all the athletes, whose joyful appearance veiled concentration and focus on the competition. It is all gone. We are now getting ready for another event. However, first I would like to thank everyone on behalf of the Local Organization Committee:

- the athletes for attending the event in such large numbers, creating a beautiful sports show, and your fair play competition;
- the WMA officials for establishing cooperation based on partnership in pursuit of a common goal of wonderful championships successful in terms of organization and sports performance;
- the judges, technical and medical personnel for performing their duties in a professional way;
- DOMTEL company for measuring the times, processing the data and publishing the results in a qualified and skilful manner;
- The cable television provider TV Kablowa Toruń and ART4MEDIA for broadcasting the championships online in a competent manner;
- the volunteers for their selflessness and willingness to help others.

As judged by all the participants, these were the best WMA Indoor Championships ever. This appreciation is the best acknowledgment of our hard work and a thing to be proud of. These positive opinions matter even more when in a vast majority they come from athletes, our main target group for whom we organized the event. This is what gives us the reassurance that all this was worth the effort. We thank everyone very much for all the positive feedback, with special thanks to Mr Donald Brown from Great Britain, who, bearing in mind the needs of athletes, summarised the championships in a document entitled *The Toruń Standard* and dedicated it to the future organizers of the event.

The 8th World Masters Athletics Championships Indoor is our joint great success. It is a success of the WMA authorities, the LOC and all those involved in providing assistance and support during the event, and, last but not least, the ATHLETES. We all created a great atmosphere of friendship, mutual understanding, respect, and support. All this contributed to this spectacular event whose memories I hope we will cherish for long.

I thank you one more time and hope to see you again during another championships.

Wacław Krankowski
PMA President

WMACi TORUN - Thank You

WMACI 2019 is now over. We all have lasting memories of seven days of great emotions and a wonderful Masters Athletics competition in Torun Poland, which provided the 4,000+ athletes with a superb stadium and supporting venues to showcase their outstanding performances, the results of which will stand for many years.

To the City of Torun – thank you for providing us with these outstanding facilities and for providing all who visited with a safe and welcoming city with its history and beautiful medieval buildings to explore when not competing.

To Waclaw Krankowski and the WMACi LOC – thank you!
Three years of hard work was the challenge for your team of dedicated staff to make this happen. The workload was high in your pursuit of the largest participation of athletes for a WMAC Indoor event, and to provide the best organization. After a record number of registrations your endeavours were very successful in the opinion of the athletes. Many, many messages were received congratulating the LOC for hosting an exceptional 2019 WMA Indoor Championships in the City of Torun. The overall success of the Torun LOC was that a great atmosphere of partnership cooperation was enjoyed by all involved with the event.

To the OFFICIALS – thank you!
You were an outstanding team of local and international officials, all committed to a high standard of performance. Your patience with the long days of scheduled competition was welcomed by all. WMA extends its thanks and appreciation for showing the athletes such incredible respect and professionalism during these Championships.

To the Torun VOLUNTEERS – thank you!
Many of you gave up your free time to work on this event and WMA thanks you for your contribution. There are too many persons and areas of duty to individually praise, so we say “thank you” to all who volunteered to make the event so enjoyable and well organised.

And last but most importantly, THANK YOU to the ATHLETES …
Thank you for coming and enjoying the hospitality and friendship provided by our hosts in Poland. WMA recognises the long hours of training you put into preparation for such an event and we thank you for your commitment. Thank youtoo, for the endorsement that this event, in so many areas,was without doubt the best ever WMA Indoor Championshipwhere the preparation and execution exceeded athlete expectations and that as Athletes you appreciate the immense amount of work that goes on behind the scenes to make it all happen so smoothly.

In closing, WMA again thanks all involved in the 2019 WMA Indoor Championships in the City of Torun, Poland. Share your memories of this great event with fellow athletes and encourage them to join you at the next 2020 WMA Stadia Championship in Toronto Canada, or in 2021 for the WMA Indoor Championships in Edmonton Canada.
